

SID UPDATE on Levee Restoration Project March 13, 2022

We were informed on Friday that KEU is planning to begin MOBILIZATION on Monday March 21, 2022 and that they are planning to BEGIN WORK on Monday March 28, 2022 in the Lake at the north end. Weather permitting, this phase is anticipated to take approximately 3-4 weeks.

PLEASE NOTE:

The SID is also very concerned for the safety of the community and visitors to Waconda and for the protection and respect for the construction materials and equipment of KEU. During our preliminary discussions, the SID informed both the CORPS and KEU that we will do all we need to expedite the project and are willing to close, restrict, reroute, traffic (vehicular and pedestrian) when and where we may need to. We will keep everyone posted on any of these decisions as they are made.

There is a lot of moving parts with this project and the SID, CORPS and KEU are going to do all we can to complete this in a timely and safe manner. We all are asking for everyone's cooperation, understanding, and patience as this project progresses.

PLEASE share this information with family members and guest of ALL AGES. It will take a commitment from all of us to get the best results possible.
